

Lakewood Budo Kai

Fujitsu, Karate, and Women's Self Defense

Vision, Mission, and Values

Our vision, mission, and values convey Lakewood Budo Kai's purpose, our priorities, how we work together, and positive impact we have on the local Long Beach community.

Vision

To provide traditional martial arts training and development through strong relationships between instructors, black belts, and students.

Mission

To build a successful martial arts school that supports the growth and successful advancement of students by providing training and facilitating personal development.

Values

Instructors, black belts, and students of Lakewood Budo Kai are committed to the following values:

- *Respect* - In our Dojo, everyone is treated with respect and courtesy. Respect is not something one can demand, but is earned by continually showing respect to others.
- *Discipline* - Discipline plays an important role in our training. Higher ranking students aid lower ranks while lower ranking students follow the direction and guidance of our higher ranks.
- *Development* - we help our students reach higher levels by understanding their challenges, encouraging them, and facilitating their personal development.
- *Rewarding* - We recruit and retain students by providing an enjoyable and rewarding environment for training and personal development opportunities.
- *Trust* - We seek to earn the trust of our students and others by being respectful, honest, and consistent in what we do and say.

Strategy

Our strategic plan establishes and outlines specific goals and objectives that support and implement our vision, mission statement, and core values.
